Visitors Always Welcome

Rare Specimens in our Arboretum—KELSEY-HIGHLANDS NURSERY

Our Stock is “individually grown.” This means — plenty of light, air and nourishment to produce sturdy specimens out of each plant.

Wise people plant in August and the succeeding Fall months—and save time.

Thousands of larger specimens than quoted here may be seen at Kelsey-Highlands Nursery.

No obligation is incurred in visiting this wonderful collection of Nursery Stock. You will enjoy it if you love beautiful growing things. Selecting and tagging your own Specimens in the nursery row is pleasant and profitable.

Prices are at Kelsey-Highlands Nursery, packed ready for Rail or Truck Shipment. Delivery at reasonable prices throughout New England.
